Good evening Board Members,

Attached is a detailed letter and proposal to the City of Carmel for continued funding of Promote Carmel Inc.

It includes a detailed explanation on how we got to this crucial point ... and, we believe, provides a way out with a promise of needing less funding in the future.

Please take a look. If you can, let's try to gather on Wednesday around 4:30 pm at Muldoon's ... if that is not possible, we can try for a Zoom meeting.

Thanks for your support and please let us know what you think.

Dan and Sue
